THE MANAGER

I've been involved in football too long to fall into the trap of jumping to conclusions after a handful of encouraging pre-season results.

In real terms, they don't mean a thing . . . simply because they are not taken into consideration when the League tables are compiled.

But don't run away with the idea that by saying this, I am under-cutting the value of that month or so which the staff of a football club spend together after their summer break.

The whole concept of pre-season training is to prepare the players for the tough nine months which lie ahead.

And although winning matches helps them to believe in themselves and what they are doing, it is not a priority at this stage.

This is why results in pre-season matches can often be mis-leading. They can create a false impression and it's important not to get carried away by them — in either direction.

Bearing this in mind, I must confess that I've been very satisfied with the work which has been carried out at Meadow Lane throughout the past month.

In my opinion our training programme has been an intelligent one, designed quite simply to make the players better.

By this I mean tactically, technically, physically and mentally.

Under the guidance of Howard Wilkinson, we have set out a programme aimed at simplifying things for our own benefit and the way the players have responded has been very rewarding.

There have been daily signs of improvement but, to go back to the beginning, only when the League season gets underway can we really measure its success.

It's now up to the players to re-produce the effort they have put into those training sessions . . . starting against Bolton this afternoon.

As I see it, Bolton represent the first of 42 hurdles we have to cross and, just like the Grand National, if we are still standing at the ending of the course we will be among the leaders.

Every manager is optimistic at this time of the year but I like to think that I can afford to be realistically optimistic.

I honestly believe that no team in the Second Division was better than us last season and with Rachid Harkouk and Eddie Kelly helping to provide competition for places, we have a chance.

We have been standing still for a number of years and it's about time we began to make progress again.

RACHID HARKOUK

The sketch alongside was kindly sent in by Q.P.R. supporter Keith Mitchell of Banffshire. 'Rachid', Keith told us, 'was my favourite Rangers player and I wish him and Notts County all the best for the forthcoming season'. Thank you Keith for the very good drawing and your good wishes. Unfortunately, after scoring in every practice game and against Orient in the Anglo-Scottish Cup, Rachid suffered an injury which kept him out of the other Anglo-Scottish matches and the 1st Round League Cup games. On top of a muscle injury, Rachid, at the time of writing, is suspected of having appendix trouble. Not a happy start then to what we all hope will be a long and fruitful career at Meadow Lane. Let us hope that very soon Rachid Harkouk will be fit and able to show the form that encouraged Mr. Sirrel to pay for his services.

SNIPS

RACHID HARKOUK arrived at Meadow Lane last month with a glowing reference from Notts County favourite Martyn Busby.

They were together at Queen's Park Rangers last season, of course, and Busby said: Rachid asked me what I thought when he heard that County were interested in him.

"I told him a move to Nottingham did me the world of good and I'm convinced it will do the same for him.

"He needs to have a run in the first team and for someone to have faith in him. If that happens, I'm sure he will prove a tremendous signing."

★ ★ ★

THREE NEW apprentice professionals joined the Meadow Lane payroll during the summer — including England Schools striker **CHRIS DYKES**, who comes from Worksop.

The other newcomers are local-born defender **MARTIN CLAY** and **ANDY RADFORD**, a central defender from Sheffield.

★ ★ ★

FORMER MAGPIES winger **Steve Carter** is recovering from an operation to mend the leg injury which kept him out of action for much of last season.

Carter was a spectator at the Notts-Orient Anglo-Scottish Cup clash. But he's hoping to be back in action soon... in time for Derby County's trip to Meadow Lane in November perhaps?

★ ★ ★

COUNTY CHAIRMAN Jack Dunnett is not a drinking man, but he made an exception last month when he found that the extensive repair work at Meadow Lane was ahead of schedule.

Mr. Dunnett happily bought the building contractors a drink to celebrate their progress, even though the final repair bill will top £300,000 — far more than was originally estimated.

★ ★ ★

JACK WHEELER, County's popular physiotherapist, picked up another well-deserved loyalty bonus during the summer.

He received a special award at the annual dinner of the Football League Secretaries, Managers and Coaches Association in recognition of his 1,000 consecutive "appearances" for the Magpies.

Notts secretary **Dennis Marshall** was entrusted with responsibility for getting Jack to the dinner without letting on why and, as he said: "It was easier said than done.

"Jack always shies away from this kind of function anyway but we made it in the end — and he was delighted."

★ ★ ★

MAGPIES' chief coach **Howard Wilkinson** was among the first to be named for Ron Greenwood's party to compete in the European Championships in Italy.

All the coaches involved in the England set made the trip and Wilkinson, who assists Dave Sexton with the Under-21s, had a special role to fulfil.

He had to watch the group matches involving West Germany, Czechoslovakia and Greece in case England had met them in the latter stages of the competition.

LLOYD RICHARDS and **COLIN KING** will be playing in the Fourth Division this season after being given free transfers by County.

Richards has signed for York City while King moved to Mansfield as deputy for Rod Arnold.

SPOTLIGHT ON TODAY'S VISITORS

By Brian Tansley of Radio Trent

If any club in the Football League is entitled to look at the success of our neighbours Nottingham Forest with a critical eye, then it's surely our visitors today from Bolton Wanderers.

In 1977 it was purely and simply a case of either Forest or Bolton for the final promotion place from Division Two . . . Forest got it by a whisker (and look what they've gone on to achieve) while Bolton were condemned to another season in the Second before they finally made the grade — and even then, their flame had been dimmed sufficiently for them to slip back again last season.

Bolton were founded as Christ Church F.C. in 1874, and three years later changed their name to the present one — becoming a professional club in 1880.

They were original members of the Football League — like Notts — and after being relegated to the Second Division several times in their early days they enjoyed an unbroken First Division spell from 1911 to 1933.

The Wanderers won the F.A. Cup in 1923 (who can forget the 'White Horse Final' at Wembley), 1926, 1929 and 1958 . . . but they have never won the First Division Championship.

They reached their first F.A. Cup final in 1894 . . . but were beaten 4-1 by a certain Notts County!

From 1935 to 1964 Bolton remained in the First Division, but in 1970-71 they dropped into the Third Division for the first time in their history — only to be promoted two years later as champions with Notts runners up.

Traditionally, Bolton can be relied upon to field a rock-like defence, and in goal they can call upon the talents of either TERRY POOLE, the former Huddersfield Town 'keeper, or DENNIS PEACOCK, who I'm sure a lot of people will remember as a youngster at Forest. At 6ft 3in., Dennis is one of the tallest 'keepers in the League, and joined Bolton last season from Fourth Division Doncaster Rovers.

DAVID CLEMENT, the former Queens Park Rangers and England full back arrived at Burnden Park last year for a fee of £150,000, while DAVID BURKE, from Winsford in Cheshire, is an exciting prospect who's equally comfortable at either full back or in midfield.

PETER NICHOLSON, who signed for Bolton from Blackpool for a small fee prior to the 1971-2 season has given the club tremendous service, as has PAUL JONES, who's been a member of the Under 23 and full England squads, but never quite realised the form he looked capable of a couple of years ago.

Manchester-born MIKE WALSH is equally proficient in the middle of the defence, at full back or in midfield, while youngsters MIKE GRAHAM and MIKE BENNETT are players of whom a lot is expected in the future.

In midfield it's still not known at the time of writing whether Bolton will be able to call on the immense talents of PETER REID, who joined the club from school on Merseyside, and has developed into one of the country's most gifted players. Reid is at present in dispute with the club, and his future looks to be away from Burnden Park.

LEN CANTELLO cost the Wanderers a record £350,000 fee when he signed from West Brom in June 1979, and is the sort of midfield player who delights in stamping his authority on a game. Always looking for a chance to attack, he's an exciting player with an eye for the unexpected opening.

PHIL WILSON, who made his debut at Arsenal in February this year, and DAVID HOGGAN from Edinburgh are both youngsters who'll be looking to grab one of the midfield positions this season.

Up front, Bolton have a wealth of talent to call upon. There's NEIL WHATMORE, who was top scorer with 18 goals last season; ALAN GOWLING, a £120,000 signing from Newcastle United three seasons ago; and MIKE CARTER, who showed an ability to score some spectacular goals when he forced his way into the first team after a period on loan to Mansfield Town.

Polish International TADEUSZ NOWAK signed at the end of the season before last for £50,000 from Warsaw club Legia; while the name of BRIAN KIDD has been added to the Bolton ranks in the past few months.

Kidd made his name of course as a member of Manchester United's European Cup Winning team in 1968, and from there has taken his skills to Arsenal, Manchester City and Everton before signing for Bolton at the end of May for £150,000.

SLATER

From the Notts County playing squad of eight years ago only one-clubman Brian Stubbs and back-here-again Don Masson are around to share with me the memories which make any clash with Bolton Wanderers a bit special, though Jimmy Sirrel and Jack Wheeler could each add their own recollections.

By one of football's funny coincidences it was in August, 1972 that Bolton supplied the first Meadow Lane opposition of the new season. A first half Don Masson goal gave Notts the points.

What followed over the following four months was disappointing for County, exciting and rewarding for Bolton. At the start of the Christmas programme Notts were 17th in the table, on which Bolton perched proudly on top.

The first glimmer of better days for Notts came with a Boxing Day win over Watford, thanks to an own goal. Four days later Notts saw out the old year with the return visit to Burnden Park and at 3.45 p.m. it seemed as if the Watford win had been an isolated slice of joy in a season of gloom. Goals by John Byrom and Freddie Lee had put Bolton two ahead before a 17,000 crowd.

What happened in the second half proved largely the first scene in a Meadow Lane fairy story which had a transformation finale in early May. But we are running ahead of our story. At Bolton, I remember seeing second half goals by Brian Stubbs and Les Bradd rescue a point for County in a thrilling fight-

back. It's now history that in the remainder of the season Notts lost only twice. When the promotion honours were handed out they were shared by Notts and champions Bolton. Since then Bolton have been higher still, up in the rarified air of the First Division. Now they're back again and they return to Meadow Lane with a side probably weakened by outgoing transfers this summer.

★ ★ ★

I cannot remember a year in which County's programme in August looked more inviting. The visit of Sheffield Wednesday in a week's time will revive stirring memories of an Ian Scanlon hat-trick against them here in a record 165 seconds. And then the two away games take in clubs who have a First Division pedigree and ambitions, Newcastle United and F.A. Cup holders West Ham.

After that assortment of matches we shall all have a much clearer pointer to County's prospects for the season, though never forgetting the lesson learned in 1972-73. This is a long-distance marathon in which at any time anything can and possibly will happen.

That said, County's comeback in 1973 was against both the odds and tradition. Look at a league table at Christmas and it won't usually be substantially different to that at the end of the season.

Nevertheless, it's a safe bet that if (say) Liverpool lost their first three or four league games of the season there would be large newspaper headlines about a crisis at Anfield!

Supporters Club Comment

By Peter Dennis

WELCOME back to Meadow Lane, albeit a much changed Meadow Lane to the one you left in May, at the start of what I'm sure we all hope will be a memorable season for Notts County. I along with my Supporters' Club Committee colleagues have followed the ground transformation very closely during the last three months but I suspect that many of you, visiting the ground for the first time since last season, will be astounded at the extent of the improvements that have taken place. Congratulations are certainly in order to the Club's hard working architect John Finch and the many contractors who have pulled out all the stops to ensure that the ground was ready for the new kick off.

MAGPIE CLUB

One area so far unaffected by the changes is the Magpie Club which is situated at the Meadow Lane end of the ground. So the club will be open as usual this season, at least until the Meadow Lane ground development work gets underway. The Magpie Club is open on matchdays both before and after the game so why not pop in for a drink and a chat and maybe a glance at the now extensive collection of historical magpie photographs that adorn the club's walls. Don't forget that membership is free provided that you have joined the Supporters' Club and that accompanied children are always welcome.

SUPPORTERS' SEMINAR

Following the outstanding success of last year's events we will again be running a series of 'Supporters' Seminars' with invited speakers both from Notts County and further afield. The first of these will be held on Friday, 22nd August, in the Magpie Club (8 p.m.) when Notts County manager Jimmy Sirrel will be along to discuss the build up of the new campaign and outline the club's plans and aspirations for the season. Last year Jimmy attracted a packed house to the Magpie Club to what proved to be a highly entertaining and informative evening. So come early. The bar opens at 7.30 p.m.

MEMBERSHIP/RENEWALS

All existing members of the Supporters' Club should by now have received their Membership Renewal Forms so please renew without delay. Total membership last year was the highest for many years and we are determined to increase it even higher this season. If you didn't join last year but don't want to miss out this time Membership Forms are available at Souvenir Huts around the ground, the Club Shop or from our new Membership Secretary Pauline Brocklehurst at the Magpie Club.
